**TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:**

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted within the time period set forth in the final Office action.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action.

**Failure to timely respond** to this notice will result in:

**Abandonment** of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

**Non-entry** of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 1(c) Other: The substitute specification does not conform to 37 CFE 1.125(b) and (c). See attached sheet.

### DETAILED ACTION

1. The reply filed on 12/02/04 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):
2. The proposed reply filed 12/02/04 has not been entered because it is **unsigned**.  
The last page of both the new substitute specification and new claims **must be signed**.

#### ***Substitute Specification Filed 12/02/04 is Non-Compliant***

3. The substitute specification filed 12/02/04 has not been entered because it does not conform to 37 CFR 1.125(b) and (c) because:
  - (1) A statement as to a lack of new matter under 37 CFR 1.125(b) is missing. A statement that the substitute specification contains no new matter must be supplied.
  - (2) An accompanying clean version (without underlining, without strike-through lines crossing out deleted words) of the substitute specification must be supplied.
  - (3) The abstract of the disclosure is objected to because it is typed on two sheets. An abstract typed only on a single (one) sheet must be supplied. See MPEP § 608.01(b).

#### ***Claims Filed 12/02/04 Is Non-Compliant***

4. The numbering of claims is not in accordance with 37 CFR 1.126 which requires the original numbering of the claims to be preserved throughout the prosecution. When claims are canceled, the remaining claims must not be renumbered. **When new claims are presented, they must be numbered consecutively beginning with the number**

**next following the highest numbered claims previously presented (whether entered or not).**

Misnumbered claims 1-15 must be renumbered 3-17, respectively.

***A “REMARKS” Section Is Required***

5. Applicant should submit an argument under the heading “REMARKS” pointing out disagreements with the examiner’s contentions. Applicant must also discuss the references (e.g. the Shen et al. patent 4,659,087, the “Bacc-Jack” game, and the Nguyen et al. patent 5,628,514) applied against the claims, explaining how the claims avoid the references or distinguish from them.

***Services Of A Registered Patent Attorney***

6. An examination of this application reveals that applicant is unfamiliar with patent prosecution procedure. While an inventor may prosecute the application, lack of skill in this field usually acts as a liability in affording the maximum protection for the invention disclosed. Applicant is advised to secure the services of a registered patent attorney or agent to prosecute the application, since the value of a patent is largely dependent upon skilled preparation and prosecution. The Office cannot aid in selecting an attorney or agent.

A listing of registered patent attorneys and agents is available on the USPTO Internet web site <http://www.uspto.gov> in the Site Index under “Attorney and Agent Roster.” Applicants may also obtain a list of registered patent attorneys and agents
